## **La Porte police investigate string of ATM burglaries**

By Y.C. OROZCO

La Porte police is investigating a burglary at a Shell gas station and convenience store which they believe may be connected to other burglaries in the area.

According to police, target of the burglary is the ATM cash and it is believed the two suspects are the same suspects involved in a string of similar burglaries in La Porte and possibly other cities within the last four to six months.

According to La Porte police, the suspects are adept at disengaging the ATM security locks and are in and out of the stores within one minute, and never attempt to take anything other than the cash.

Police are asking anyone with information or tips to contact the LPPD Criminal Investigation Division at 281-842-3173.
